

I am the Hub Leader for the DroneUp team flying packages from the Walmart at Plano Rd and Buckingham.

I want to let you know that we now offer grocery delivery from this Walmart Neighborhood Grocery store to most homes in your homeowners association boundary. We are also currently offering FREE drone delivery.

Your members can go to [Walmartdronedeliveries.com](http://Walmartdronedeliveries.com), verify their home is in our delivery area, and are taken to the pages where they can pick the items they want. Once finished they pay for them and then use the code **FREEDELIVERYTX** to get the delivery fee removed..

Once the order is placed we typically have it to the customer within 30 minutes. Our boxes are limited to 6 lb but if they order, say 10 lbs of items we would deliver the order with 2 flights.

I want to ask if you would forward this message to your members so they can take advantage of this offer and enjoy grocery shopping and delivery from their home.

Please feel free to call me if you have any questions or want more details or you can come by and see our operations and we can walk you through our process.

Thank you for your consideration.
